Falkirk & Clackmannanshire Carers Centre 10:30 am – 12:30 pm

30 April **Dementia - Coping with Change Psychological Approaches**

Caring can often be challenging and it is likely that carers will experience a range of emotions associated with both the demands of caring itself and adjusting to change. This session will help you to find out about psychological approaches that can help you to manage the sometimes difficult feelings and thoughts that you might experience. It will also teach you ways to focus on your own self-care needs.

07 May **Scams**

Learn from Trading Standards what to watch out for and how to protect yourself against the current scams going on in this area. Find out about the Trusted Trader Scheme, the 'No Cold Calling' zone and other ways to protect yourself from illegal trading practices.

14 May **Handle with Care**

Moving and handling is a crucial part of care for many carers and it is important that it is carried out appropriately. Discover ways of preventing injury to yourself and your relative when giving assistance to move around at home. This session is not a substitute for professional clinical advice from your clinician or healthcare professional.

21 May **No Tuesday Session - Forum Wednesday 22 May**

28 May **Dementia – The Dementia Outreach Team & Alzheimer Scotland**

Learn how the Dementia Outreach Team work with families to avoid what could become a crisis situation and ultimately prevent the patient having to be admitted to hospital. Find out about the community activities, information and support available from Alzheimer Scotland in Falkirk.
